Spring term 2

The Black Pear Trust

As readers and writers this term...

We will...

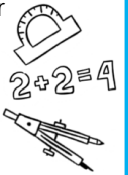

- Develop our confidence to talk about our pictures, giving meaning to our marks
- Begin to talk about stories we have read and begin to simply re-tell the story
- Begin to recognise our names (without photographs/pictures)
- Clap out syllables in words and explore rhyme

As mathematicians this term...

We will be

- Exploring 2d shapes to create pictures and identifying the different shapes we see in our environment,
- Learning how to describe a sequence of events, real or fictional, using words such as 'first', 'then.'
- Comparing groups of objects (up to 5) using language more/fewest

To develop our physical skills...

We will...

- Learn how to hold a paintbrush accurately
- Use a quadruped when using tools and a pencil (see image)
- Be able to manipulate clay/playdough by rolling balls, making snakes and flat shapes.
- Learn the correct way of how to brush our teeth and do this independently.

As communicators...

We will...

- begin to take turns in conversations
- follow good listening rules when on the carpet
- follow simple instructions (2 part instructions) from an adult
- Retell familiar rhymes.
- Talk about familiar books including key events.

To help us understand the world around us

We will...

- Understand that Christians celebrate Easter
- Identify different animals that live on the farm and their features
- We will discuss and observe the change of season

To develop our personal & emotional skills...

We will...

- Begin to solve conflict with peers independently
- Learn how to join in a game that others are already playing.

As artists this term...

We will...

- Learn how to hold a paintbrush accurately
- Learn how to move the paintbrush to make different marks e.g wavy lines, circles, zig-zags
- Develop our confidence to talk about our pictures, giving meaning to our marks
